THE HISTORY

The Eskişehir Rally began its journey in 2010 as a local motorsport event organized by the Eskişehir Automobile and Motorsports Club (ESOK). In 2011, it joined the Turkish Rally Championship, quickly gaining popularity and recognition among competitors and fans.

In 2013, the rally was renamed Battalgazi Rally and became part of both the Turkish Rally Championship and the Balkan Rally Championship, featuring ceremonial starts at Espark Shopping Center and delivering thrilling asphalt stages that became iconic among Turkish rally enthusiasts.

During the mid-2010s, the event entered the FIA European Rally Trophy (ERT) under the name ETİ ESOK Rally, further elevating its international status. In 2017, a special edition called Rally Troia was organized in Çanakkale, celebrating the cultural heritage of Troy while hosting an FIA and Balkan Rally Cup event.

Originally run on gravel, the rally shifted to asphalt for several years, shaping its modern identity with challenging and memorable tarmac stages. However, in the past two editions, the event has returned to its gravel roots, adding variety and renewed excitement for drivers and spectators alike.

A landmark moment came in 2021, when the Evofone ESOK Rally brought together a large international field—over 90 competing cars and 180 participants—competing across multiple championship categories. Building on that success, in 2025, ESOK Rally takes another leap forward as the 9th round of the FIA European Rally Trophy (ERT). Scheduled for 12 to 14 September, the event will challenge drivers with approximately 126.72 km of gravel special stages, spread across a total route of 451.87 km, solidifying its reputation as a premier destination on the European rally calendar.

Today, the ESOK Rally stands as one of Turkey's most prestigious motorsport events, blending history, culture, and competitive spirit within a single, internationally recognized rally weekend.

SPECTATOR RULES

1. If you want to follow special stages of the ESOK Rally, please remember that you are watching the competition at your own risk. For your safety, always follow the organizers' instructions.

2. Familiarize yourself with the safety guidelines for spectators. Pay attention to designated access points, parking areas, and marked viewing zones.

3. Do not attempt to drive your car directly to the special stages unless permitted. Use only the official access roads and car parks provided by the organizers.

4. Avoid driving in the opposite direction of rally traffic. Roads to special stages are often narrow and busy, and rally cars may be approaching at high speed.

5. Park only in official parking areas designated by the organizers or police.

6. Respect the environment: do not damage nature, litter, or interfere with rally staff, teams, marshals, or media.

7. Respect all time limits and road closures. Once the stage is closed, access is strictly forbidden until the stage is completed.

8. Certain zones are marked as 'Forbidden Areas.' Do not attempt to enter these areas under any circumstances.

9. Do not stand at 'evacuation roads', dangerous corners, or below the road level in forested areas. Avoid standing in front of the 'wall of trees.'

10. Always stand in safe areas with good visibility and keep a safe distance from the edge of the rally track.

11. Follow all marshals' instructions. If asked to move, you must immediately relocate to a safe place.

12. In case of an accident, stay calm and wait for further instructions from the marshals and rescue services.

13. Keep at least 15 meters distance from the edge of the road. Rally cars may lose control at any time.

14. Use caution when crossing rally roads – only cross at officially designated areas.

15. Do not run across or approach the rally track during the event.

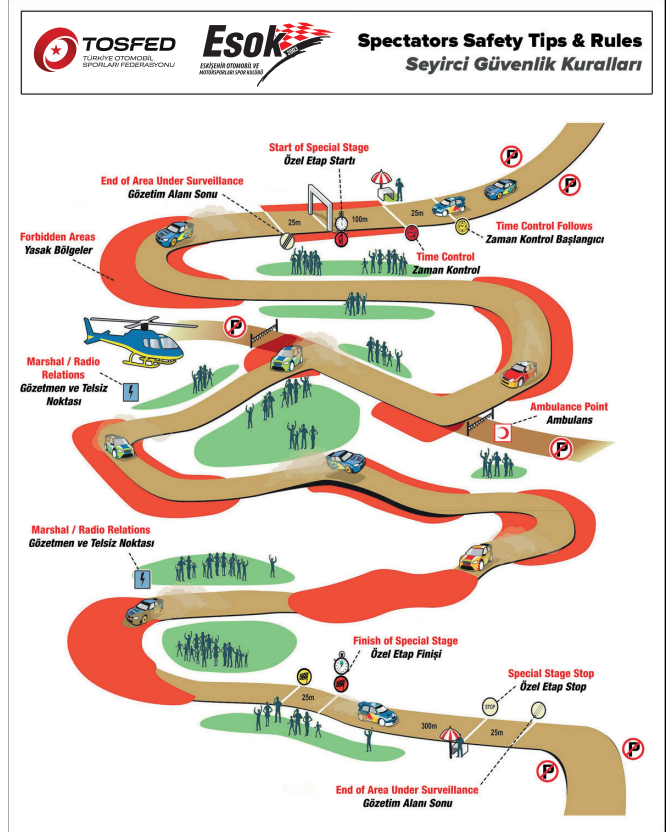

16. Always keep children under supervision and away from dangerous zones. You are fully responsible for their safety.

17. Never sit or stand on barriers, fences, signs, or safety installations.

18. Do not enter restricted service areas, regrouping zones, or parc fermé unless authorized.
